## Fabric Info:

**Size:** The finished size of the SAL is 243 x 154 stitches. Below are a few standard fabric count in inches for the pattern. Please remember this is only the stitched area. If you want to frame/finish the SAL you will need to add another inch or two so you can frame it.

- 14ct/28ct: 17.5"x11"
- 16ct/32ct: 15.25"x9.5"

**Color:** There are a lot of browns, greens, and pinks in the frame. Avoid those colors so parts don't fade into the fabric. The fabric that comes with the bundle is a light purple. I would suggest staying in the light blues or purples for the fabric.

**Type:** Since there are a lot of fractional stitches, evenweave fabric will work well. If you are using aida I would not go any smaller than 16ct fabric, since the rooms themselves are small and have details that may get lost on a smaller count. If you do use 14/16ct fabric I would use a sharper needle so the fractional stitches are easier.

## Colors:

Every color listed below only requires one skein except DMC 977, which will require 2. First appears is when the color is used for the first time in the SAL.
